LIQUIDATIONS

The Maryland Indemnity Insurance Company

On December 16, 1977, the Insurance Commissioner was appointed Receiver by the Circuit Court for Baltimore City. All assets have been accounted for and all filed claims have been handled. A plan of operations to ostensibly close out the receivership is currently being pursued.

Eastern Indemnity Company of Maryland

The Company was placed in liquidation on January 28, 1985, and Mr. James Gordon was appointed Receiver.

All assets have been accounted for and all claims that were filed pursuant to liquidation instructions are now in the process of being handled.

Section Reports to the Commissioner

Assistant Attorneys General

The Assistant Attorneys General, assigned to the Insurance Division, act primarily as counsel to the Insurance Commissioner. Their primary task is to interpret the Insurance Laws for the Insurance Division and when necessary, supply opinions or other advice of counsel.

The Assistant Attorneys General also represent the Insurance Commissioner before the courts of the state including the Circuit Courts, the Maryland Court of Special Appeals, and the Maryland Court of Appeals. They defend the Insurance Commissioner's administrative action on appeal and are empowered to institute suit to enforce the insurance laws.

All legislation proposed by the Insurance Division to the General Assembly is reviewed for legal sufficiency by the Assistant Attorneys General. All regulations proposed by the Division undergo the same review process.

Other duties of the Assistant Attorneys General include drafting and reviewing forms, providing legal advice to section chiefs within the Division, and corresponding with other regulatory agencies both within and outside of the State.

Administrative Procedures and Appeals

The Administrative Procedures and Appeals Section (AP&A) is responsible for providing administrative overview of complaints scheduled for hearing. Complaints are received from Maryland residents, insurance agents and brokers, and insurance companies. The AP&A also provides administrative overview of disciplinary proceedings initiated by the Insurance Division against agents and brokers and insurance companies.

Cases to be set in for hearing are transmitted to the AP&A from all units of the Insurance Division. The cases are then assigned a number, logged, and forwarded to the Office of Administrative Hearings. Subpoenas are issued by the AP&A if requested. Once the case is heard and an order on hearing is issued, the AP&A monitors the case for compliance with the order, such as the timely payment of administrative fines and penalties, or the payment of restitution.

Any party to a hearing has the right to appeal the order on hearing to the Circuit Court for Baltimore City. When an appeal is entered, the AP&A receives the order for appeal and prepares the record of hearing for transmittal to the Circuit Court as required by the Maryland Rules of Procedure.

When the results of an administrative hearing indicate that a person may have violated the criminal laws of the state, the AP&A, as required by statute, informs the Office of the State's Attorney of the county in which the person resides or the violation occurred.

In fiscal year 1987, over 1900 administrative hearings were conducted, the overwhelming majority of which were automobile liability insurance non-renewal protests filed by Maryland residents. Notices of appeal were filed in 49 cases and records were transmitted to the Circuit Court for Baltimore City in 28 cases.

Consumer Affairs Unit

The Consumer Affairs Unit of the Insurance Division is charged with providing consumer services to the public on an ongoing basis. In 1986, the Unit developed and began publication of a Division newsletter called THE MARYLAND INSURANCE REVIEW. This publication, distributed quarterly, provides insurance companies, agents, brokers and interested consumers with a synopsis of the major issues affecting the insurance industry and an insight into the activities of the Division. The Division distributes consumer advice booklets on such topics as automobile insurance, life insurance, medicare supplement insurance, and health maintenance organizations. The Division also periodically distributes a Consumer Guide and Statewide Index on private passenger automobile and homeowner rates. The Guide allows a prospective purchaser to make comparisons of rates charged by the various insurers. In coordination with the Life and Health Section and the Office on Aging, the Consumer Affairs Unit prepares and distributes the Medicare - Medigap Guide for senior citizens, participates under its Medigap Awareness Program in workshops and seminars for senior citizens throughout Maryland, and when requested, provides speakers for insurance groups. The Unit also works closely with the Commissioner in the preparation of various reports for the General Assembly.

Financial Examination and Licensing Section

The Financial Examination and Licensing Section has the responsibility for licensing of companies, agents and brokers, and for conducting financial examinations of domestic and foreign insurance companies. The Section also performs audits of admitted and applicant companies for solvency and compliance with the Maryland Insurance Code and Regulations. The Section is the major revenue producing section of the Insurance Division, collecting not only licensing fees, but also examination expenses and over 124 million dollars in premium and retaliatory taxes.

Section 30 of the Insurance Code authorizes the Commissioner to conduct financial examinations of each licensed insurer as often as she deems advisable. The Section also provides that

domestic insurers (those formed under the laws of Maryland) shall be examined not less frequently than every 5 years.

The financial examinations of insurers are performed by field examiners who conduct examinations at the home and branch offices of the insurers. The examinations are conducted in Maryland and other states. An examination report is compiled after each examination. The field examiners also examine the records and transactions of surplus lines brokers for compliance with the surplus lines premium tax laws.

Expenses for the conduct of financial examinations are borne by the particular insurer examined. The Section bills the insurer and collects the examination expenses.

During the calendar year 1987, the insurance examiners conducted examinations of 29 domestic insurers, 1 foreign insurer, and 8 surplus lines brokers.

The field examiners duties also include the auditing of annual premium tax reports after their submission in the latter part of March of each year. If deficiencies are discovered, insurers are assessed the additional fees.

The audit staff performs audits of the annual statements filed by the various insurers conducting business in this State. Approximately 1500 annual statements are filed each year. In addition, the audit staff compiles the statistical data for this report along with the statistical data for the Maryland Automobile Insurance Fund, the Property and Casualty Insurance Guaranty Corporation, and the Life and Health Guaranty Association.

The Licensing Unit reviews insurer's Certificates of Authority on an annual basis and processes and approves applications for licensure of new insurers and health maintenance organizations, both domestic and foreign. The Unit also annually compiles and issues a comprehensive directory of insurers authorized to conduct business in Maryland.

The Insurer Licensing Unit, during fiscal year 1988, acted on the following:

These filings include policy forms, endorsements, rates, rating plans, and any modifications which an insurer proposes to use. Property and casualty insurance policies must be submitted to this Section for review and approval prior to their use or delivery in this State.

The Unit also performs market conduct examinations pursuant to Section 30 of the Insurance Code, which involves detailed on site examinations of the underwriting and claims handling activity of domestic and foreign insurers both within and outside of the state. A market conduct report is issued after each examination.

Life/Health Bureau

The Life/Health Insurance Bureau is composed of the Actuarial, Market Conduct, and Complaint and Investigation Sections.

Life/Health Actuarial Section

Every life insurance policy, health insurance policy, annuity contract and health maintenance organization-subscriber and provider contract for use in this State must be submitted to the Insurance Commissioner for prior approval. The review and approval of these forms represents one of the chief functions of this Section.

The Section is also charged with making an annual valuation of the reserve liabilities of life insurance companies operating in the State of Maryland. Since the reserves representing these liabilities are generally the largest liability items of the life insurers, this work is most important in connection with determining solvency.

When domestic life insurers are examined, the Life Section not only reviews the reserve liabilities, but also asset and liability items such as dividends paid, deferred premiums due and nonforfeiture benefits. During the course of the examination, discussions are frequently conducted with company officials regarding areas of concern.

This Section also reviews rate filings to ensure that the rates are not excessive, inadequate, or unfairly discriminatory

and in the case of health insurance rate filings, to determine whether the benefits provided are reasonable in relation to the premiums charged. For credit life and health insurance, Medicare supplement policies, and specified disease policies, rate filings are reviewed to determine compliance with the applicable regulations.

Pursuant to regulation, insurers issuing credit life or credit health insurance or Medicare supplement policies must file detailed annual reports regarding their operations. The reports are reviewed carefully to determine whether the rate standards required by regulation are being followed and whether the standards should be revised.

Utilization Reports are required from all insurers doing health insurance business in Maryland with respect to procedures employed by the companies to control health insurance costs.

The administration of the Dental Plan Organization Act, as well as the granting of special annuity permits to non-profit educational and religious organizations, fall under the purview of the Actuarial Section.

The Actuarial Section works closely with the Complaint and Investigation Section in handling those consumer complaints which call for technical expertise. In addition to those complaints handled by the Complaint and Investigation Section, the Actuarial Section directly handled approximately 2,300 complaints and inquiries in 1987.

License applications for foreign and domestic life and health insurers are reviewed by the Life Section and recommendations for licensure are made to the Commissioner.

During calendar year 1987, approximately 27,000 life and health policy forms, endorsements, and changes thereto were reviewed for statutory and regulatory compliance. In addition, over 1,400 premium rate filings were reviewed. The Section processed over 22,000 pieces of correspondence.

The reported amount of life insurance in force with Maryland domestic insurers as of December 31, 1987 was $59.6 billion, the reserves for which were $4,827,147,837.

As of December 31, 1987, over three million Maryland residents were covered by life insurance under eight million policies, the face amount of which was approximately $153,579,000,000.

The amount of new ordinary life insurance currently being purchased in Maryland is approximately $21,159,000,000 annually.

The average amount of life insurance in force per household in Maryland is approximately $92,700.

For services performed by the Life/Health Actuarial Section in verifying policy reserves, insurers were billed $1,109,453.

Life/Health Market Conduct Section

This Section performs on site market conduct examinations of life and health insurers pursuant to Section 30 of the Insurance Code. Detailed examinations are undertaken of the underwriting and claims handling activity of domestic and foreign insurers both within and outside of the State. A market conduct report is issued after each examination.

The cost of the examination is borne by the insurer. During 1987, 48 life and health insurers were examined. The cumulative amount billed the companies was approximately $182,000. In addition, $26,500 in fines were assessed against the companies.

Life/Health Complaint and Investigation Section

This Section receives complaints and inquiries from both policyholders and the public. Complaints and inquiries are made in person and by telephone.

Complaints are investigated, and when appropriate, settlements are negotiated for the policyholder. During 1987, over $1,000,000 in settlements were obtained for the benefit of policyholders.

During this period, the Unit received approximately 2,900 complaints and 11,000 inquiries.

Enforcement Unit

This Unit deals primarily with over 40,000 agents and brokers in Maryland, and their questions and problems. It is responsible for the final approval of agent license requests, acts as an advisor to the board which assembles the agent qualification examinations, inspects insurance agencies, investigates complaints, settles Consent Orders and presents the Division's case at disciplinary hearings.

As a result of investigations conducted by this Unit involving the activities of agents and brokers, twenty-nine cases were concluded by either public hearing or Consent Agreement. A total of $65,000 in fines were levied.

In addition to its regularly assigned duties, the Unit makes monthly trips to the Eastern Shore and Western Maryland to process the complaints of those citizens.

The following statistical data was compiled by the Enforcement Unit for 1987:

1. Complaints from insurers and insureds involving agents and brokers - 142.

2. Citizen complaints from field trips - 424.

3. Criminal Record Checks - 6,871.

4. Privileged Communications received from insurers upon termination of agent's appointment - 90.

5. Agency inspections - 37.

6. Hearings and Consent Orders - 29.

Complaint and Investigation/Property & Casualty

As a service to policyholders, beneficiaries, and claimants and as a means of checking the compliance and performance of insurance companies, agents, and brokers, the Complaint Section receives and investigates complaints and requests for information about policy contracts and other insurance problems and questions. This section investigates the cancellation or non-renewal of insurance policies and maintains a review of automobile and property insurance cancellations to protect those who are cancelled without valid cause. Facts disclosed by these investigations may lead to the suspension or revocation of licenses. The operation of this service frequently results in the return of unearned premium or the collection of unpaid claims. Investigators visit outlying cities to provide advisory services to these areas. Announcements to local news media are distributed in advance to notify the public of the availability of this service.

In those instances where an investigation results in the need for a hearing, this Section prepares and presents the case for Hearing. In 1987, this Section prepared 2,152 disciplinary or Section 35 Hearings.

During the calendar year 1987, a total of 6,633 written complaints were received. There were 74,664 inquires received. An inquiry is usually made by telephone and concerns a question or subject that can be satisfactorily concluded on the basis of a single conversation.

As a result of processing the justified complaints made to this Section, a total of $2,830,053.50 was recovered for Maryland residents from insurance companies, agents and brokers.

Under statutory provision of Article 48A, Section 240AA effective January 1973, which gives the citizens of the State of Maryland a right to protest auto terminations and/or surcharges; there were 12,697 instances where policyholders took advantage of administrative procedures to protest and request hearings against proposed cancellation or non-renewal action by their insurer.
